

In the Drawings:

The Drawings were objected to under 37 CFR 1.83(a). Further, the Examiner stated that the DC jack of claim 2 and the speech sending opening and speaker arrangement of claims 7, 8, and 17 are not shown in the drawings.

With respect to the DC jack of claim 2, Figs. 1 and 3 clearly show the DC jack (10) and the claims are supported in the specification (pp.5 ln. 1-10). In addition, claim 2 has been amended to more particularly point out and claim the subject matter.

With respect to the speech sending opening and speaker arrangement of claims 7, 8, and 17, Fig.3 shows the bone conduction loudspeaker (4) engaging a neck-shaped support portion (13) with arrows showing both spherical and longitudinal movement of the loudspeaker (4), with support in the specification (pp.6 ln.17 – pp.7 ln.16). Claims 7, 8, and 17 have been amended to more particularly point out and claim the subject matter.
